

a few fonts for

Classic Steampunk

use with discretion

Choose either one font from Classic Steampunk or one font from Modern Steampunk for your main display font.

EWERT
STEAMPUNK ROBOTS 2017

Google Font
Web font available
fonts.google.com/specimen/Ewert
Use this font very sparingly

Rye
Steampunk Robots 2017

Google Font
Web font available
fonts.google.com/specimen/Rye
Readability is fairly high

Sancreek
Steampunk Robots 2017

Google Font
Web font available
fonts.google.com/specimen/Rye
Very good readability and clean design while being distinctive

GEOSTEAM
STEAMPUNK ROBOTS 2017

Font Space Font
Web font NOT available
fontspace.com/illustrator-georgie-retzer/geosteam
Very good steampunk font
Numbers would be great for your FRC team numbers:

4534

STEAMWRECK
STEAMPUNK ROBOTS 2017

Font Space Font
Web font NOT available
<http://www.fontspace.com/pixel-sagas/steamwreck>
Very nice Steampunk font
Making the first and last letters in a word capital (as here) has a nice effect

MODERN STEAMPUNK

Choose either one font from Classic Steampunk or one font from Modern Steampunk for your main display font.

Medula One
Steampunk Robots 2017

Google Font
Web font available
fonts.google.com/specimen/Medula+One

Righteous
Steampunk Robots 2017

Google Font
Web font available
fonts.google.com/specimen/Righteous

Unica One
STEAMPUNK ROBOTS 2017

Google Font
Web font available
fonts.google.com/specimen/Unica+One

Optionally Choose a Script

Sail
Steampunk Robots 2017

 Google Font
Web font available
fonts.google.com/specimen/Sail
Readability low, use sparingly

Berkshire Swash
Steampunk Robots 2017

 Google Font
Web font available
fonts.google.com/specimen/Berkshire+Swash

Fontleroy Brown
Steampunk Robots 2017

 Font Squirrel Font
Web font available
fontquirrel.com/fonts/Fontleroy-Brown

Optional:

Serif Header

Alfa Slab One
Steampunk Robots 2017

 Google Font
Web font available
fonts.google.com/specimen/Alfa+Slab+One

Ultra
Steampunk Robots 2017

 Google Font
Web font available
fonts.google.com/specimen/Ultra

Arbutus Slab
Steampunk Robots 2017

 Google Font
Web font available
fonts.google.com/specimen/Arbutus+Slab

Body Text

Pick Serif or Sans-Serif

IM FELL DW Pica

Steampunk is a subgenre of science fiction or science fantasy that incorporates technology and aesthetic designs inspired by 19th-century industrial steam-powered machinery. Although its literary origins are sometimes associated with the cyberpunk genre, steampunk works are often set in an alternative history of the 19th century's British Victorian era or American "Wild West", in a post-apocalyptic future during which steam power has maintained mainstream usage, or in a fantasy world that similarly employs steam power. Steampunk may, therefore, be described as neo-Victorian. Steampunk perhaps most recognizably features anachronistic technologies or retro-futuristic inventions as people in the 19th century might have envisioned them, and is likewise rooted in the era's perspective on fashion, culture, architectural style, and art.

Google Font
Web font available
fonts.google.com/specimen/IM+Fell+DW+Pica

Since this font is both not sans-serif and has a distinct personality, please make sure that you make the font size large enough that it can be read easily, especially online. In addition, if you mix this font too much with more modern fonts, it will look out of place.

Open Sans

Steampunk is a subgenre of science fiction or science fantasy that incorporates technology and aesthetic designs inspired by 19th-century industrial steam-powered machinery. Although its literary origins are sometimes associated with the cyberpunk genre, steampunk works are often set in an alternative history of the 19th century's British Victorian era or American "Wild West", in a post-apocalyptic future during which steam power has maintained mainstream usage, or in a fantasy world that similarly employs steam power. Steampunk may, therefore, be described as neo-Victorian. Steampunk perhaps most recognizably features anachronistic technologies or retro-futuristic inventions as people in the 19th century might have envisioned them, and is likewise rooted in the era's perspective on fashion, culture, architectural style, and art.

Any easy to read sans-serif font will work as a base in addition to the few display fonts you pick. Open Sans is a free font that works.

Sample Combinations

Header One

Dean L. Kamen (born April 5, 1951) is an American entrepreneur and inventor. Born on Long Island, New York, he attended Worcester Polytechnic Institute, but dropped out before graduating after five years of private advanced research for the drug infusion pump AutoSyringe. He is the son of Jack Kamen, an illustrator for Mad, Weird Science and other EC Comics publications.

Sancreek Regular

IM FELL DW Pica Regular

Header Two

Kamen is best known for inventing the product that eventually became known as the Segway PT, an electric, self-balancing human transporter with a computer-controlled gyroscopic stabilization and control system.

IM FELL DW Pica Regular

Header Three

In 1989, Kamen founded *FIRST*® (For Inspiration and Recognition of Science and Technology), a program for students to get people interested in science, technology, and engineering.

Hananiah Wilson was a founding student of 4534 The Wired Wizards in 2012, was team captain for two out of her three years on the team, and is a current *FIRST*® Robotics Competition mentor.

During her time on The Wired Wizards, she developed a love for graphic design through creating her team's branding and marketing and won the NC *FIRST*® 5th anniversary logo competition in 2014.

She would love to geek over pixels and chat with you about graphic design. Email her at hananiah.wilson@gmail.com and read her blog at www.byhananiah.com. Visit 4534 The Wired Wizards at www.wiredwizards.org.

Thanks for reading this guide! Good luck with your designing.
